OUR COMPANY

Since 1995, AdvaCare Systems has been “**Providing Solutions For Your Specialty Needs.**” Throughout the Midwest, we have attained a reputation for superior customer service, high-quality products and the best response times in the healthcare industry.

What makes us so successful at **AdvaCare Systems** is the people we employ. Our corporate culture is based on a shared passion for unity tied directly to commitment, dedication and teamwork. By placing the customer first in our decision making process, we have effectively created a dynamic environment for providing outstanding patient care.

Our mission is to be the leading provider of specialty medical equipment not only throughout the Midwest, but the entire country. We will achieve this through our commitment to clinical excellence, our compassion and understanding for those we serve, and our dedication to superior customer service.

We pride ourselves with the awareness of our patient’s special needs both medical and emotional. We provide a wide variety of special services, ensuring the proper care for everyone we serve. Our work priorities stem from our dedication to being a reliable and trusted partner in the healthcare community.

NEGATIVE PRESSURE WOUND THERAPY SYSTEM

PENSAR

WoundPro

*Pensar WoundPro
Pump*

The WoundPro negative pressure wound therapy system utilizes state of the art electronics and an instrument panel that is easy to operate and understand, while offering the three vital types of therapy with full adjustability for time and pressure settings:

- Continuous
- Intermittent
- Variable Intermittent

The WoundPro protects your patient by continuously checking for proper and safe operation. It provides both an audible and visual alarm when and if there is an interruption of normal operation which may include:

- Canister Full
- Standby Mode
- Suction line blocked
- Low Battery Power
- Vacuum leak

*Pensar WoundPro
Family Pack*

*Pensar Advanced
Dressing Kit*

LOW AIR LOSS & ALTERNATING PRESSURE MATTRESSES
