ACCORA FLOORBED

THE FLOORBED 1

Reduce the force of impact. FloorBed 1 is only 2.8" high at the lowest setting. For some residents, this is enough to prevent them from falling.

For high-risk residents, you can also add a safety mat on one or both sides of the bed. Accora safety mats are the same height as the bed with a 6" mattress, so there's no change of height if a resident rolls off the bed onto the mat – and no reportable fall.

Easy height and position adjustment

- Backrest
- Legrest
- Trendelenburg 15 degrees
- Anti-Trendelenburg 15 degrees

The handset for the nursing staff is flexible enough to be used from either side of the bed.

Product Specs:

- Overall dimensions: Standard: 36.4" width x 90.4" length
- Safe working load: 408 lbs
- Maximum patient weight: 330 lbs
- Platform height: 2.8" - 25.6"

THE FLOORBED 42"

- Safety Mat available to assist with fall prevention
- Bariatric Floor Bed: 42" x 80"
- Extended Configuration available on 42"x 84"
- Max Wt. Capacity: 496 lbs.
- Lift Range: 3.1" - 25.6"
- Warranty: Frame: 10 years, Electric/parts: 2 years

EMPRESA

Adaptable height, length, and width. Plus, one-touch positioning.

Tailor the Empresa to the needs of each individual resident:

- Adjust height from floor-level at 3.9" to full nursing height at 31.5"
- Add a 42" width extension for bariatric residents
- Extend bed length from 80" to 84"

One-touch pre-programmed care and comfort positions that can help reduce pressure risk.

Pre-programmed profiling functions:

- Backrest with BodyMove™
- Legrest
- Trendelenburg 15 degrees
- Anti-Trendelenburg 15 degrees

Warranty

- Frame: 12 years
- Electric/parts: 4 years
